

Maholi

Mulberry Silk

Facts.....

maholi® Mulberry Silk Duvet is made with 100% long Mulberry silk fiber. It is hand-crafted by 6 skilled workers working simultaneously.

Mulberry silk is the highest grade silk available. It is made under a process the Chinese developed thousands of years ago and have perfected, making them the world's experts in producing the finest silk.

The resulting Mulberry silk thread is the strongest natural fiber in the world.

The advantages of Mulberry silk are:

- Due to the content of Sericin, an anti-acarid property it helps prevent the growth of mites and mold, making Mulberry silk a great choice for skin allergies.
- Excellent moisture absorbency and aeration. Mulberry silk is a natural fiber that is air permeable, and it can naturally absorb humidity which keeps you dry during sleep.
- Outstanding ability to regulate temperature. Mulberry silk will keep you warm in the winter and cool in the summer. Your body will maintain its natural temperature.
